# Welcome Back!

Cameron Asher

**SIG • Pwn • y**

**Special  
Interest  
Group**

**Hack  
or "own"  
(slang)**

**For  
cool  
logo**

# About Us

- Computer security/hacking club at UIUC
- SIGPwny is under the Association of Computing Machinery chapter at UIUC
- Largest Special Interest Group within ACM@UIUC

SIGPwny is just one of many SIGs...  
but it's the best one

# How do I join SIGPwny?

You already have!

[sigpwny.com/discord](https://sigpwny.com/discord) to join our Discord server

[sigpwny.com/auth](https://sigpwny.com/auth) to receive the @UIUC role

# The "Don't Get Arrested" Slide

## Computer Fraud and Abuse Act (CFAA)

- Attacking "protected" computers is **ILLEGAL**
- Anywhere between a fine and **TWENTY** years in jail
- If you don't have **EXPLICIT** permission, **DON'T DO IT**

# What does SIGPwny do?

**Learn**

**Meetings**

**Seminar**

**Compete**

**CTF Team**

**Purple Team**

**Embedded Team**

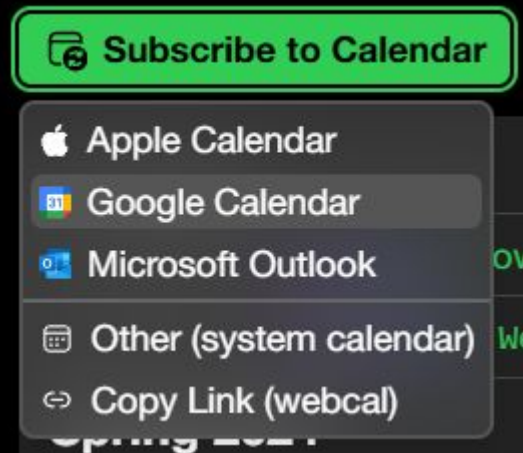

**Build**

**UIUCTF**

**Fall CTF**

# Meetings

## Thursdays, 6-7 PM

MSEB 100

- 15 minutes talking
- 45 minutes doing

## Sundays, 5-6 PM

Siebel CS 1404

- 15 minutes talking
- 45 minutes doing

All our meetings can be found at [sigpwny.com/meetings](https://sigpwny.com/meetings)

# Subteams

# Embedded Team

- We focus on attacks against embedded systems!
  - Microcontrollers, firmware bugs, side-channel analysis, fault injection!
- We work heavily with ARM assembly, C, and Rust (and will teach you!)

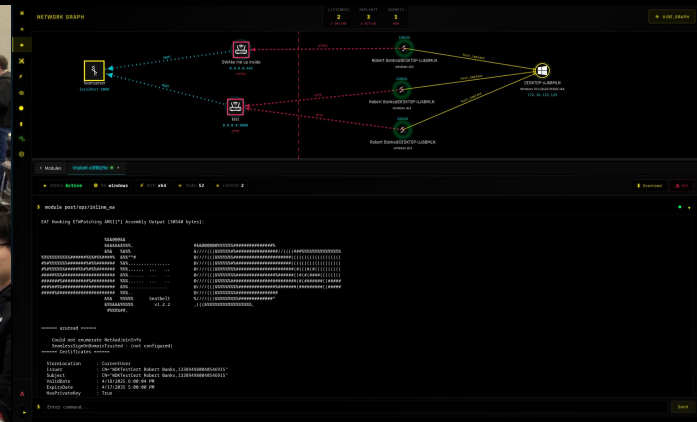

# Embedded Team

- We are now competing in eCTF 2026! It's not too late to join!

# Purple Team

- **Red teaming** - break systems
  - Find problems before threat actors find them
- **Blue teaming** - protect systems
  - Fix problems before threat actors take advantage of them
- **Purple teaming** is the intersection of these two fields!

# Purple Team

- Learn how to attack and defend enterprise networks
  - Red side: Offensive fundamentals, malware dev, evasion, & more!
  - Blue side: Hardening, digital forensics, live response
- Competitions: CyberForce, CCDC, TracerFIRE & more!
- 7PM Tuesday/Thursday!
- If you have cyber defense or offense experience, contact us!
- Red Team Lead: Ronan Boyarski | [ronanpb2@illinois.edu](mailto:ronanpb2@illinois.edu)
- Blue Team Lead: Michael Khalaf | [mkhala6@illinois.edu](mailto:mkhala6@illinois.edu)

# TracerFIRE 2026

- TracerFIRE will be back this spring!
- TracerFIRE is a two day event hosted by Sandia National Laboratories that teaches forensic techniques and then puts them to use in a live simulated challenge.
- Most likely late march, stay tuned for the confirmed dates.

the winners from TracerFIRE 2025

# CTF Team

- We participate in various CTFs hosted by other teams
- CTFtime is a global leaderboard that tracks team placement in CTFs and provides ratings

Overall rating place: **136** with **174.389** pts in 2020  
Country place: **19**

Overall rating place: **80** with **243.217** pts in 2021  
Country place: **12**

Overall rating place: **48** with **346.020** pts in 2022  
Country place: **6**

Overall rating place: **107** with **282.130** pts in 2023  
Country place: **11**

Overall rating place: **88** with **344.702** pts in 2024  
Country place: **11**

Overall rating place: **71** with **445.635** pts in 2025  
Country place: **10**

overall rating place: **1** with **9999** pts in 2026  
country place: **1**

# CTF Team

- Everyone is welcome to join CTF team!
- Our normal Thursday/Sunday meetings prepare you for CTFs!
- Most CTFs are usually a weekend long - we will have a dedicated room for people to collaborate and solve challenges. Plus, free food :D

How to join CTF Team:

- Use the command `/ctfs optin` in our Discord. You need to have the `@UIUC` role first!

# Projects

# Fall CTF Badge Development

- electronic badge with buttons, screen, and wireless connectivity
- looking for people to help out
- hardware: PCB design, EE, digital circuits
- software: Python (Micropython)

Fall CTF 2026 Badge

# UIUCTF 2026

- Our global CTF event for the international security community!
- Design challenges for hundreds of people to solve
- Show off what you've learned and contribute to security education

# Next Meetings

**2026-01-29 • This Thursday**

- Web Hacking III!
- Learn about server-side web exploits!

**2026-02-01 • Next Sunday**

- Crypto III!
- Learn about block ciphers!
